How to set up the picture password in Windows 8/8.1?

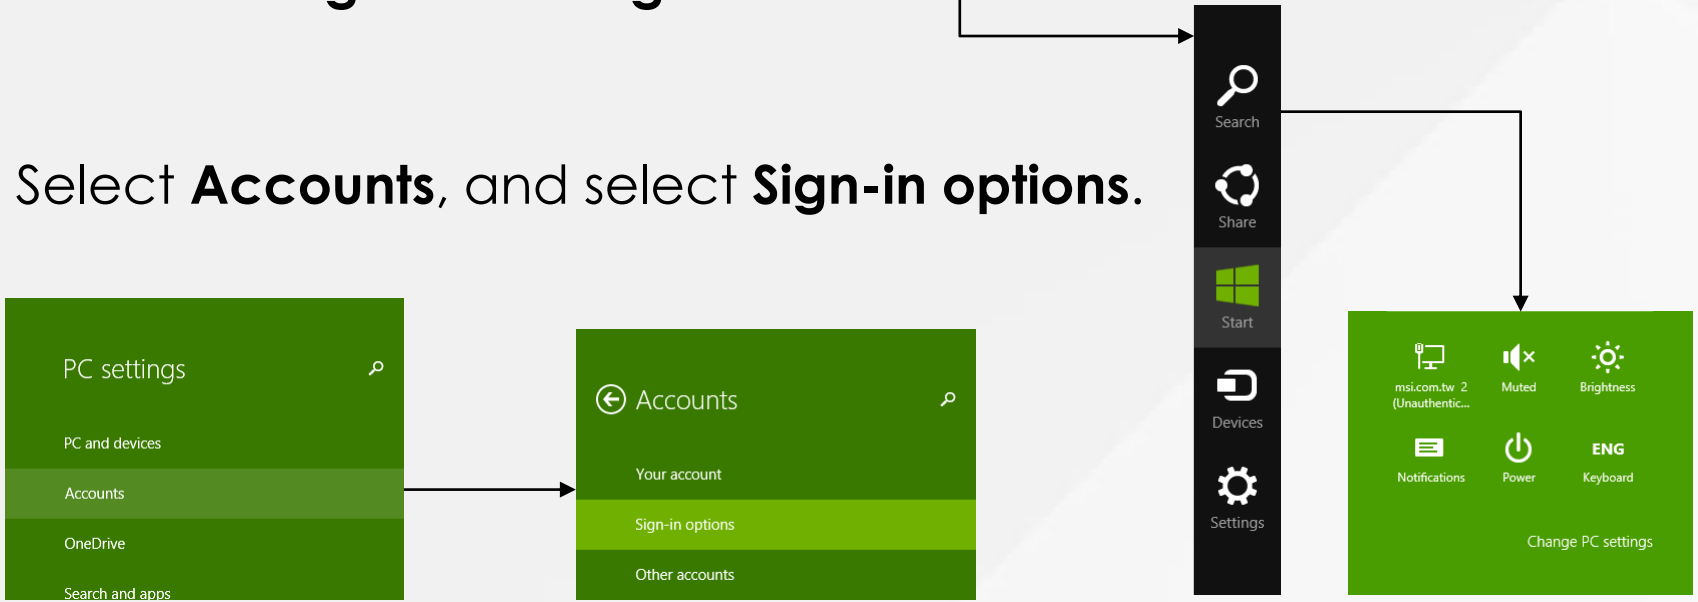
MSI NB FAE
Last modified: 2015-03-18

Instructions

How to set up the picture password in Windows 8/8.1?

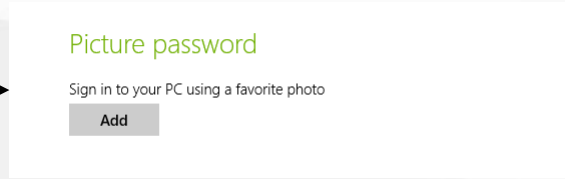
1. In Windows 8/8.1, move the mouse to the lower-right corner of the screen, move the mouse cursor up, select **Settings**, and then select **Change PC settings**.

2. Select **Accounts**, and select **Sign-in options**.

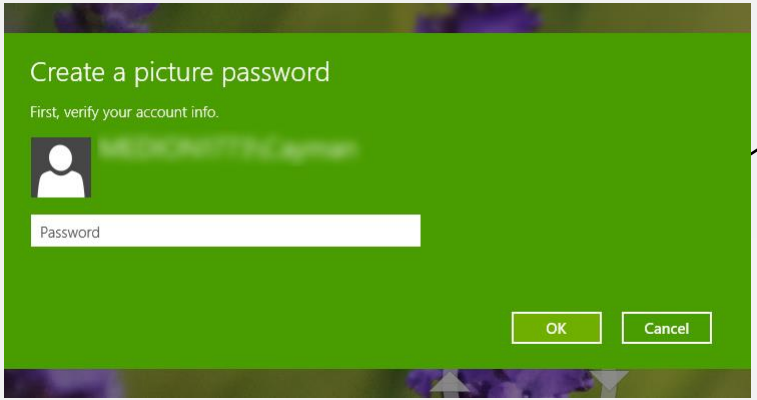


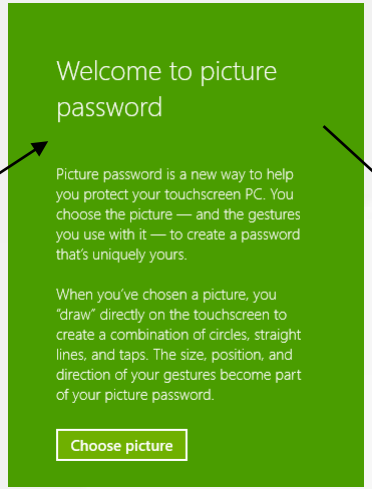
How to set up the picture password in Windows 8/8.1?

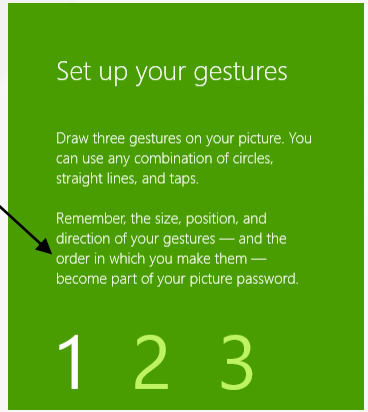
3. Under **Picture password**, select **Add**.



4. Sign in with your system password or Microsoft account info, then follow the steps on the screen to choose a picture and pick your gestures.







How to set up the picture password in Windows 8/8.1?

6. Even if the picture password is set, you can still select **Switch to password** anytime and use regular password to unlock the PC.

7. If you want to remove the picture password, please follow the first two steps and select **Remove** under Picture password.
