

## SPECIFICATIONS

|                                  |                                                                                                                   |
|----------------------------------|-------------------------------------------------------------------------------------------------------------------|
| Chipset                          | Intel® B760                                                                                                       |
| CARTE GRAPHIQUE                  | Up to NVIDIA® GeForce RTX 4070<br>1x HDMI™ (supports 4K @60Hz as specified in HDMI 2.0b)<br>3x DisplayPort (1.4a) |
| ADAPTATEUR D'ALIMENTATION / BLOC | 500W 80 Plus Gold Certified PSU                                                                                   |
| Ports E/S avant                  | 2 x USB 3.0 + HD Audio / Mic                                                                                      |
| Alimentation                     | Standard ATX                                                                                                      |
| POIDS (CARTE)                    | 169g                                                                                                              |
| Réseau sans fil                  | Intel® Wi-Fi 6E AX211                                                                                             |
| Bluetooth                        | 5.3                                                                                                               |
| Type de roulement                | Hydro-Dynamic Bearing                                                                                             |
| Vitesse nominale                 | 500 - 1800 ±15% RPM                                                                                               |
| Flux d'air                       | 19.79 - 71.27 CFM                                                                                                 |
| Pression statique                | 0.16 - 2.09 mm-H2O                                                                                                |
| Connecteur                       | 4-Pin PWM/DC                                                                                                      |
| Durée de vie                     | MTTF 150,000 Hours (25°C)                                                                                         |
| Stockage                         | 2x M.2 2280 SSD (Front 1x PCIe Gen 4,<br>Rear 1x SATA/PCIe Gen 4 combo)<br>2x 2.5" Drive bays                     |

## FEATURES

### Intel 13th Gen Processors

Equipped with 13th Gen Intel® Core™ i7 processor.

### GeForce RTX™ Graphics Card

Built with MSI GeForce RTX™ Graphics Card.

### MSI Game Stadium

Integrated cloud gaming platform, mobile game simulator, pc game in one app, allowing gamer can play any kind of their favorite.

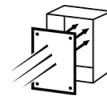

### Compact Size

The same performance as a big rig but in a powerful small-sized chassis so you can take it anywhere.

### Silent Storm Cooling 3

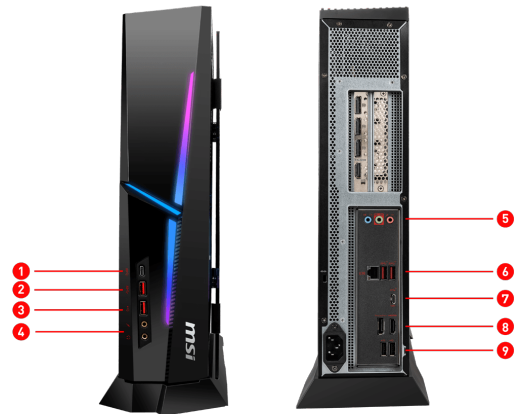

Système efficace et silencieux avec des chambres séparées pour un refroidissement parfait de chaque composant critique.

### Panneau latéral en verre trempé

Le panneau latéral en verre trempé de 4 mm d'épaisseur vous donne un accès direct aux composants.

## CONNECTIONS

- |                                                                  |                                                               |
|------------------------------------------------------------------|---------------------------------------------------------------|
| 1. 1 x USB 3.2 Gen 1 Type C                                      | 2. 1 x USB 3.2 Gen 1 Type A                                   |
| 3. 1 x USB 2.0 Type A                                            | 4. 1 x Mic in / 1 x Headphone out                             |
| 5. 3 x Audio jacks                                               | 6. 1 x RJ45(2.5G) / 2x USB 3.2 Gen 2 Type A / Kensington Lock |
| 7. 1 x USB 3.2 Gen 2 Type C                                      | 8. 1 x DP out(1.4) / 1 x HDMI™ port                           |
| 9. support 4K@60Hz as specified in HDMI™ 2.0b 2 x USB 2.0 Type A |                                                               |
