FEATURES

13th Gen Intel Core i9 Processor

Equipped with 13th Gen Intel® Core™ i9 processor. Up to 24% better gaming performance increase than previous generation.

GeForce RTX® 40 series Graphics Cards

Built with MSI GeForce RTX® Graphics Cards, up to 4 times more performance than previous generation.

HMI 2.0

With the HMI2.0 design, it'll be easier for users to understand the system information. Through the this design, users can easily tweak performance settings or control monitor setting.

Silent Storm Cooling 3

Exclusive, silent and powerful cooling system that embraces several separated chambers for component cooling.

Air Baffle

Through the unique design of the air baffle, cold air is collected to form a strong wind flow in order to prevent the temperature in the case from flowing back to the graphics card.

SSD 5.0 ready

With an M.2 slot. Running at PCI-E Gen5 x4 maximizes performance for NVMe based SSD.
