## FEATURES

### All-in-One Microphone

Using multiple condenser capsules allows the GV60 to switch pickup patterns depending on the situation.

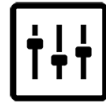

### High Resolution Digital Audio

Lossless recordings captured in detail with the sample rate of 24bit/96kHz.

### Real-time Monitoring

The 3.5 mm headphone jack allows zero-latency playback to keep results in check.

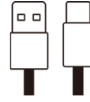

### On The Fly Controls

Dedicated dials to adjust the volume for the microphone and headphones and a mic mute button.

### Record Your Way

Mount on a boom arm with built-in threading, a 3 meter USB cable, and a pop filter with ease.

### Plug & Play

No need for drivers or additional software, the GV60 lets you plug & record straight away on any platform at a desired angle.
