FEATURES

Water Resistance

The REPELTEK™ FABRIC Series has efficient water repellent properties, making it the perfect chair in the cases of water spills

Breathable

Stay cool and refreshed throughout the year even during long hours of gaming sessions.

Scratch Resistance

Thanks to its special weaving technique, it is not only delicate to touch but also resists damages from scratching effectively.

Pilling Resistance

Its compact structure of fabric avoids pilling on the surface of the fabric.

Easy To Clean

The REPELTEK™ FABRIC Series is effortless to clean and does not leave any stains behind afterward.

Abrasion Resistance

The surface resists being worn away by rubbing or friction, giving it a greater life expectancy.

Soft Touch

Its unparalleled softness gives you the maximum comfort you need for long hours of gaming sessions.

Wide Reclinable Mode

Users can relax and recline the backrest for up to 150 degrees with an additional maximum of 15 degrees tilt.

Robust Steel Base

One-piece five-star steel base with a weight capacity of 150kg.

Ergonomic Design

The design is conformed to how the spine curves. It promises support for long gaming hours
