## FEATURES

### 3 PROGRAMMABLE KEYS

The Liberator features three programmable buttons, allowing you to perform complex button combos, awkward key reaches, and complex maneuvers with a tap of the foot.

### SWAPPABLE MAGNETIC KEY CAPS

Big feet? Small feet? Plain old regular feet? No problem - every Liberator comes with three different sizes of magnetic caps, making every tap feel comfortable and natural.

### RGB EFFECTS

Personalize your Liberator to fit your setup - use a solid RGB color, or spice up your gaming station with RGB lighting animations.

### LINK UP TO 4 LIBERATORS

Upgrade your immersion by linking Liberators. The MSI Liberator allows you to use up to four footswitches at once - use two for left and right leans to get a true edge in FPS matches.

### EASY TO USE SOFTWARE

Use the software to set macros or change lighting modes, colors, brightness and speed.
