

## SPECIFICATIONS

|                                        |                                                                   |
|----------------------------------------|-------------------------------------------------------------------|
| Front I/O Ports                        | 1 x USB 3.0 + 2 x USB 2.0 + HD Audio / Mic                        |
| Drive Bays                             | 2 x 3.5" (compatible with 2.5") + 2 x 2.5"                        |
| Power Supply                           | Standard ATX                                                      |
| Fan Dimensions                         | 120 x 120 x 25 mm / 4.7 x 4.7 x 0.98 inches                       |
| Fan Power Consumption                  | 1.68W±0.336W                                                      |
| Fan Rated Current                      | 0.14 A±0.028 A                                                    |
| Fan Life Expectancy                    | 40,000 hrs@40°C                                                   |
| Fan Bearing                            | Rifle Bearing                                                     |
| Water Cooling Tube Material            | EPDM                                                              |
| Fan Air Flow                           | 64.898 CFM                                                        |
| Fan Lighting                           | ARGB GEN2                                                         |
| PWM Mode                               | Yes                                                               |
| Fan Cable Length (5V ARGB / PWM cable) | 800±15mm<br>31.49 inches                                          |
| Fan Speed                              | 500~2050 ± 150 RPM                                                |
| Radiator Material                      | Aluminum                                                          |
| Radiator Dimensions                    | 394 x 119.6 x 27.2mm / 15.51 x 4.69 x 1.06 inches                 |
| Fan Connector                          | 5V ARGB 3-PIN Header                                              |
| Pump Life Expectancy                   | 50,000 hours in typical use 40°C                                  |
| Pump Noise Level                       | 20 dBA ( avg )                                                    |
| Pump Load Current                      | 0.21A±0.042A                                                      |
| Pump Speed                             | 3400 RPM ± 340 RPM                                                |
| Pump Power Consumption                 | 2.52W±0.504W                                                      |
| Panel Size                             | 2.1"                                                              |
| Intel Socket                           | LGA 1700 / 1851                                                   |
| Panel Type                             | IPS                                                               |
| PRODUCT DIMENSIONS (MM)                | 420(D) x 210(W) x 475(H) mm<br>16.54(D) x 8.27(W) x 18.70(H) inch |
| AMD Socket                             | AM5 / AM4                                                         |
| Panel Resolution                       | 480 x 480                                                         |
| Panel Brightness                       | 600 nits                                                          |
| Radiator Size                          | 360 mm                                                            |
