| Fonte de Alimentação            | ATX                                              |

## CONNECTIONS

## FEATURES

### Support Back-Connect Motherboard

Back-Connect PROJECT ZERO motherboards simplify cable management, providing a clear and aesthetic pleasing system setup.

### Upgrade Airflow Layout

This model support maximizes up to 10 fans and a 360 mm radiator on top. The lower chamber, surrounded by vents further enhance heat dissipation for optimal performance.

### 270-Degree Display

The chassis features a 270-degree panoramic design with 3 mm tempered glass, offering an expansive view to showcase detailed components.

### 1 to 5 ARGB-FAN Control Board

This fan control board supports up to 5 x ARGB fans, allowing users to adjust the ARGB lighting effect with single one LED switch button.

### Pre-build with Reverse Blades Fan

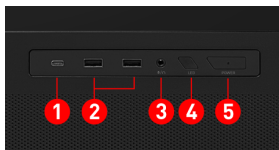

Pre-installed reverse blade fans on the side allow the unobstructed display of the ARGB fan's beauty without any interference from fan frames.
