

SPECIFICATIONS

Format	Mid-Tower
Format de cartes mères supporté	Standard : ATX / Micro-ATX / Mini-ITX Back-connect : ATX / Micro-ATX
Ports E/S	1 x USB 20 Gb/s Type-C 2 x USB 5 Gb/s Type-A 1 x sortie audio / entrée audio 1 x bouton switch LED 1 x bouton de mise en marche
Baies de disques	3 x 2,5" 2 x combo 2,5"/3,5"
Slots d'extension du boîtier	8
Longueur maximum de la carte graphique	380 mm
Longueur maximum du ventirad	166 mm
Alimentation	ATX
Longueur maximum bloc d'alimentation	200 mm
Taille de ventilateur supportée	Haut : 3 x 120 mm / 3 x 140 mm Avant : NA Arrière : 1 x 120 mm Côté : 3 x 120 mm / 2 x 140 mm Bas : 3 x 120 mm / 2 x 140 mm / 2 x 160 mm
Ventilateur préinstallé	Côté : 3 x 120 mm Arrière : 1 x 120 mm
Type de ventilateurs préinstallés	Côté : 3 x ARGB avec pales inversées Arrière : 1 x ARGB
Longueur du radiateur	Haut : 120 / 240 / 360 mm Avant : NA Arrière : 120 mm Côté : 120 / 240 / 360 mm Bas : 120 / 240 / 360 mm
Dimensions (DxWxH)	518,7 x 290 x 482 mm

CONNECTIONS

FEATURES

Support Back-Connect Motherboard

Supporting ATX and Micro-ATX Back-connect PROJECT ZERO motherboards enables easy installation without the worry of forgetting to connect cables, which might otherwise require disassembling graphics cards and coolers.

Upgraded Airflow Layout

At the bottom, there's a 40 mm clearance for optimal airflow, offering various intake and exhaust configuration choices. Additionally, it supports the flexibility of mounting a 360mm radiator in a push-pull configuration, giving you the option to install it either on the side or bottom.

270-degree Panoramic Display

Drawing inspiration from the MAG logo, create a distinctive chassis design that embodies the unique MAG characteristics. The front interior of the chassis incorporates a space for displaying figurines, complemented by a 270-degree panoramic tempered glass, transforming it into a showcase-style chassis.

Multi-function Storage Bracket

The multi-function storage bracket serves as a convenient tool for SSD installation and cable management, maintaining a clean and aesthetic appearance in the main chamber.

Switchable PCIe Brackets

Vertical GPU bracket supports installation of graphics card vertically without installing extra bracket and also can install 2 x 60 mm fans in the same time.

Pre-build with Reverse-blade Fan

Pre-installed on the side are reverse blade fans, allowing the unobstructed display of the ARGB fan's beauty without any interference from fan frames.

1 to 4 ARGB-FAN Control Board

This fan control board supports up to 4 x ARGB fan function. Allow you to use the LED switch button to adjust the ARGB lighting intuitively.

1. USB 20 Gb/s Type-C
2. 2 x USB 5 Gb/s Type-A
3. Jack entrée/sortie audio
4. Bouton LED
5. Bouton de mise en marche
