Fan Size Support	Top: 3 x 120 mm / 3 x 140 mm Front: NA Rear: 1 x 120 mm Side: 3 x 120 mm / 2 x 140 mm Bottom: 3 x 120 mm / 2 x 140 mm / 2 x 160 mm
Maximum PSU Length	200 mm / 7.87 inches
Maximum GPU Length	400 mm / 15.75 inches
Maximum CPU Cooler Length	166 mm / 6.54 inches
Radiator Layout	Top: 120 / 240 / 360 mm Front: NA Rear: 120 mm Side: 120 / 240 / 360 mm Bottom: 120 / 240 / 360 mm
Lightning	NA
Power Supply	ATX
Gross Weight	14.10 kg / 31.09 lbs

## CONNECTIONS

## FEATURES

### Support Back-Connect Motherboard

Supporting ATX and Micro-ATX Back-connect PROJECT ZERO motherboards enables easy installation without the worry of forgetting to connect cables, which might otherwise require disassembling graphics cards and coolers.

### Upgraded Airflow Layout

At the bottom, there's a 40 mm clearance for optimal airflow, offering various intake and exhaust configuration choices. Additionally, it supports the flexibility of mounting a 360mm radiator in a push-pull configuration, giving you the option to install it either on the side or bottom.

### 270-degree Panoramic Display

Drawing inspiration from the MAG logo, create a distinctive chassis design that embodies the unique MAG characteristics. The front interior of the chassis incorporates a space for displaying figurines, complemented by a 270-degree panoramic tempered glass, transforming it into a showcase-style chassis.

### Multi-function Storage Bracket

The multi-function storage bracket serves as a convenient tool for SSD installation and cable management, maintaining a clean and aesthetic appearance in the main chamber.

### Switchable PCIe Brackets

Vertical GPU bracket supports installation of graphics card vertically without installing extra bracket and also can install 2 x 60 mm fans in the same time.
