

## SPECIFICATIONS

|                              |                                        |
|------------------------------|----------------------------------------|
| <b>Modular</b>               | Yes (full modular)                     |
| <b>Fan Bearing</b>           | Fluid Dynamic Bearing                  |
| <b>Potência Watt</b>         | 1300W                                  |
| <b>Voltagem de Entrada</b>   | 100-240V~                              |
| <b>Frequência de entrada</b> | 50-60 Hz                               |
| <b>EPS (8 pin)</b>           | 1                                      |
| <b>EPS (4+4 pin)</b>         | 1                                      |
| <b>Eficiência</b>            | 80 PLUS Titanium (up to 94%)           |
| <b>PCI-E 5.1 (16 pin)</b>    | 2 (600W)                               |
| <b>ATX (24 pin)</b>          | 1                                      |
| <b>Tamanho do ventilador</b> | 135 mm                                 |
| <b>PCI-E (6+2 pin)</b>       | 7                                      |
| <b>Dimensões</b>             | 190 x 150 x 86 mm                      |
| <b>SATA (15 pin)</b>         | 8                                      |
| <b>Tipo de PFC</b>           | Active PFC                             |
| <b>MOLEX (4 pin)</b>         | 4                                      |
| <b>Proteção</b>              | OCP/ OTP/ OPP/ SCP/ OVP/ UVP/ SIP/ NLO |

## FEATURES

### GPU SAFEGUARD+

Built-in overcurrent protection specific to the 12V-2x6 interface. The MSI CENTER software issues a real-time warning prompting the user to inspect the connection of the 12V-2x6.

### SiC MOSFET

The server-grade materials, not only enhance power supply's stability, also reduce losses, and optimize heat dissipation.

### FAN SAFEGUARD

The integrated fan failure protection immediately detects when the fan stops spinning. A buzzer will then sound, alerting you to the problem and preventing the power supply from overheating.

### DUAL COLOR 12V-2x6 CONNECTOR

With its vibrant yellow connector, you can easily see if the cable is fully plugged in, which helps guarantee a secure connection.

### OPTIMIZED THE SOUND LEVEL

This power supply is designed for quiet operation, delivering low noise levels like in the midnight, ensuring a serene computing experience free from disturbances.

### EMBOSSED JACKET CABLE

The embossed cables are exceptionally flexible for easy routing and cable management, while also offering superior durability and a premium look.
