

## SPECIFICATIONS

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| 面板尺寸                             | 27"                                                        |
| 最佳解析度                            | 2560 x 1440 (WQHD)                                         |
| 更新頻率                             | 144Hz                                                      |
| 反應時間                             | 1ms (MPRT) / 4ms (GtG)                                     |
| 面板類型                             | IPS                                                        |
| 亮度                               | SDR: 300<br>HDR: 400                                       |
| 可視角度                             | 178°(H) / 178°(V)                                          |
| 螢幕比例                             | 16:9                                                       |
| 曲面螢幕                             | Flat                                                       |
| 靜態對比度                            | 1500:1                                                     |
| 顯示區域(MM)                         | 597.736(H) x 335.664(V)                                    |
| 像素 (H X V)                       | 0.2331(H) x 0.2331(V)                                      |
| 表面處理                             | Anti-glare                                                 |
| 色彩顯示                             | 16.7M, 8 bits (6 bits + FRC)                               |
| DCR                              | 100000000:1                                                |
| 影像連接埠                            | 2x HDMI™ 2.0b (WQHD@144Hz)<br>1x DisplayPort 1.2a          |
| Signal Frequency                 | 78.125~237.5 KHz(H) / 48~144 Hz(V)                         |
| USB接孔                            | N/A                                                        |
| Audio Interface                  | 1x Headphone-out                                           |
| ADOBE RGB / DCI-P3 / SRGB        | 89% / 94% / 122% (CIE 1976)                                |
| 肯辛頓鎖孔                            | Yes                                                        |
| SPEAKER                          | 3W x2                                                      |
| VESA安裝                           | 100 x 100 mm                                               |
| 電源規格                             | Internal Power Board                                       |
| HDR SUPPORT                      | VESA DisplayHDR 400                                        |
| 電源輸入                             | 100~240V, 50/60Hz                                          |
| 調整 (仰角)                          | -5° ~ 20°                                                  |
| 調整 (左右旋轉)                        | -45°~45°                                                   |
| 調整 (垂直旋轉)                        | -90°~90°                                                   |
| 調整 (高度)                          | 0~130 mm                                                   |
| Webcam                           | N/A                                                        |
| Activated Range                  | 48~144Hz                                                   |
| 動態刷新率技術                          | AMD FreeSync™                                              |
| 重量                               | 6.6 kg (14.55 lbs) / 9.8 kg (21.61 lbs)                    |
| Dimension with Stand (W x D x H) | 613.49 x 226.93 x 412.67 mm<br>(24.15 x 8.93 x 16.25 inch) |

## FEATURES

### IPS Grade Panel

Instantly optimize the screen colors and brightness to ensure that you enjoy every detail at its best while creating your own on-line video

### 144Hz Game Ready

Thanks to the high refresh rate and adaptive-sync support, our gaming experience becomes completely smooth and free from interruptions.

### EyesErgo

An eye care solution designed with ergonomics in mind.

### Eye-Q Check

Help have self-check eyes & remind to take a rest while using the monitor for a long time.

### MSI Power Link

A desktop PC can be powered by an MSI-selected monitor through MSI Power Link technology, enabling the most convenient user experience.

### Built-In Speaker

Built-in speakers allow you to listen clearly without connecting external speakers.
