

## SPECIFICATIONS

|                            |                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------|
| Model Name                 | GeForce RTX 3050 AERO ITX 8G OC                                                   |
| 繪圖引擎                       | NVIDIA® GeForce RTX™ 3050                                                         |
| 科技介面                       | PCI Express® Gen 4 x 8                                                            |
| 動態 / 核心時脈(MHz)             | Boost: 1807 MHz                                                                   |
| Cores                      | 2560 Units                                                                        |
| 記憶體速度                      | 14 Gbps                                                                           |
| Memory                     | 8GB GDDR6                                                                         |
| 記憶體介面                      | 128-bit                                                                           |
| Output                     | DisplayPort x 3 (v1.4)<br>HDMI™ x 1 (Supports 4K@120Hz as specified in HDMI™ 2.1) |
| HDCP 支援                    | Y                                                                                 |
| 功耗(W)                      | 130 W                                                                             |
| 供電接口                       | 8-pin x 1                                                                         |
| 建議電源供應(W)                  | 550 W                                                                             |
| 顯示卡尺寸(mm)                  | 172 x 125 x 43 mm                                                                 |
| 重量 (顯示卡 / 包裝盒)             | 486g/816g                                                                         |
| DirectX 支援版本               | 12 API                                                                            |
| OpenGL 支援版本                | 4.6                                                                               |
| 最大螢幕輸出數量                   | 4                                                                                 |
| G-SYNC® technology         | Y                                                                                 |
| Adaptive Vertical Sync     | Y                                                                                 |
| Digital Maximum Resolution | 7680 x 4320                                                                       |

## CONNECTIONS

1. DisplayPort
2. HDMI™

## FEATURES

### MSI Afterburner

The ultimate overclocking software with advanced control options and real-time hardware monitor.

### SMALL FORM FACTOR

MSI AERO ITX cards offer the power of a full size graphics card in an incredibly small package.

### PERFECT IN ANY CASE

Thanks to a small form factor, MSI AERO ITX cards will fit into virtually any case.

### SOLID BACKPLATE

Increases toughness of the card to prevent bending while complementing the design.

### APP Player

MSI APP Player provides a seamless PC experience for mobile gaming.

### MSI Center

The exclusive MSI Center software lets you monitor, tweak and optimize MSI products in real-time.
