## FEATURES

### Zero Froz

Zero Froz is the calm before the storm, keeping fans still and maintaining silence until cooling is needed.

### TORX FAN 3.0

The award-winning MSI TORX Fan 3.0 design creates high static pressure and pushes the limits of thermal performance.

### Thermal Padding

An abundance of thermal pads use any chance for additional heat transfer directly from the components.

### Custom PCB

The custom PCB has been engineered with hardened circuits and optimized trace routing for performance and reliability.

### Backplate

A clean-looking backplate reinforces the length of the card.

### MSI Center

The exclusive MSI Center software lets you monitor, tweak and optimize MSI products in real-time.

### Afterburner

Take full control with the most recognized and widely used graphics card overlocking software in the world.
