

MSI Faster Than Your Reflexes featuring Aimlabs

Game & Tournament Event Rules

IMPORTANT RULES

All rules are subject to change at any time. All players should read and understand the rules before competing. In the event of any disputes, tournament staff make all final decisions regarding tournament players or results.

COMPETITION OVERVIEW

MSI cooperates with Aimlabs for a competition. Players will compete an one(1) unique challenges to earn a score on the leaderboard and qualify for prizes.

The leaderboard and competition will be active from **November 17th, 2025, 10:00 AM GMT+8 to December 17th, 2025 11:59 PM GMT+8.**

HOW TO PLAY

Download Aimlabs and join the campaign. By joining the campaign, you agree to the Faster Than Your Reflexes Official Rules and the tournament Event Rules.

Faster Than Your Reflexes campaign can be accessed in Aimlabs by selecting the "Faster Than Your Reflexes" button in the Aimlabs navigation bar. From the Faster Than Your Reflexes home page, you can visit the "Challenges" and "Leaderboard" sections to view your progress in the competition.

COMPETITION RULES

All players are expected to participate with competitive integrity and authenticity. Any player found to subvert the rules of the competition or other players' right to fair competition will be disqualified from earning any prizes or placement in the event.

All players must be a permanent resident of a country in Schedule 1 to be eligible for tournament prizes.

GAME RULES

Game Client: Manipulating the game client in any way through external tools is prohibited. This includes the use of third-party software, plugins, scripts, macros, artificial intelligence, or other programs used to gain a competitive advantage.

Game Account: Players may only participate on one personally-owned account for the full duration of the competition. Players found participating on multiple accounts will be disqualified and/or forfeit prizes. Players found sharing accounts or participating on behalf of another person will also be disqualified, without exception. Players should not change their Aimlabs username during the competition or prize claim period. Any participants who are deemed will be disqualified at the tournament organizers' discretion and will not be eligible for prizing.

Input Device: To place on the PC Leaderboards, PC players must utilize a Mouse and a Keyboard or controller. Any player manipulating the game client to modify or spoof their input device will be disqualified..

Additional Rules: All gameplay must also be on a non-stretched resolution, with display stretching ratio disabled, to be eligible for the competition. Any Task completions deemed to abuse Task pausing will be removed at the organizers' discretion. Any Task completions deemed to abuse the X to Y axis sensitivity ratio (making Y-axis sensitivity an unreasonably low value) will be removed at the organizer's discretion.
