

NOTEBOOK I

# Katana GF66 - 12U

KATANA GF66 12UE-1206PL

## Specification

|                     |                                                                                                                                                       |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| CPU                 | 12th Gen. Intel® Core™ i7-12650H<br>(10-core, up to 4.70 GHz)                                                                                         |
| OS                  | Windows 11 Home                                                                                                                                       |
| DISPLAY             | 15.6" FHD (1920x1080), 144 Hz Refresh Rate, IPS-Level panel                                                                                           |
| GRAPHICS            | NVIDIA® GeForce RTX™ 3060 Laptop GPU 6GB GDDR6<br>Up to 1475MHz Boost Clock, 105W Maximum Graphics Power with Dynamic Boost.<br>*May vary by scenario |
| MEMORY              | 8GB DDR4-3200 (1x 8GB dual channel)<br>2x SO-DIMM for up to 64 GB                                                                                     |
| STORAGE CAPACITY    | 512GB M.2 SSD PCIe NVMe<br>(2x M.2 SSD slot)                                                                                                          |
| WEBCAM / MICROPHONE | HD type (30fps@720p)                                                                                                                                  |
| KEYBOARD            | Backlight Keyboard (Single-Color, Red)                                                                                                                |
| COMMUNICATION       | Gigabit Ethernet<br>Intel® Wi-Fi 6 AX201<br>Bluetooth v5.2                                                                                            |
| AUDIO               | 2 x 2W Stereo Speakers<br>1 x Audio combo jack<br>Nahimic 3 Audio Enhancer<br>Hi-Res Audio ready                                                      |
| I/O PORTS           | 1x Type-C USB3.2 Gen1<br>2x Type-A USB3.2 Gen1<br>1x Type-A USB2.0<br>1x RJ45<br>1x (4K @ 60Hz) HDMI                                                  |
| BATTERY             | 3-Cell, Li-Polymer, 53.5Whr                                                                                                                           |
| AC ADAPTER          | 180W adapter                                                                                                                                          |
| DIMENSION (WxDxH)   | 359 x 259 x 24.9 mm                                                                                                                                   |
| WEIGHT (W/ BATTERY) | 2.25 kg                                                                                                                                               |
| COLOR               | Black                                                                                                                                                 |
