Error Message

Keys look like the following: AAAAAA-BBBBBB-CCCCC

***Steam wallet code contains 15 characters

The screenshot shows the Steam website's 'REDEEM A STEAM GIFT CARD OR WALLET CODE' page. The browser address bar shows 'store.steampowered.com/account/redeemwalletcode'. The page features the Steam logo and navigation links (STORE, COMMUNITY, CHAT, SUPPORT). A search bar and a 'WISHLIST' button are visible. The main content area displays an error message in a yellow box:

There was an error redeeming the entered code.

- The code may be invalid. Please carefully verify the characters as you re-enter the code and double check to see if you've mistyped your key. I, L, and 1 can look alike, as can V and Y, and O and Q.
- The code may not yet have been activated. It may take several hours after time of purchase before activation is completed by your retailer, please wait and try redeeming the code again in a little while.
- If the currency of the code you are attempting to redeem is different than the region in which you are located, you may not be able to redeem this gift card to your account. If this is the case please return this code to the retailer where it was purchased.
- If the problem persists, please contact [Steam Support](#) for further assistance.

Below the error message, there is a section titled 'ENTER YOUR STEAM WALLET CODE TO ADD FUNDS TO YOUR STEAM WALLET'. It includes a text input field with the placeholder 'AAAAA-BBBBBB-CCCCC' and a 'Continue' button. A note below the input field states: 'Note: If the gift card you attempt to redeem is not in your currency, it will be automatically converted if redeemable in your region. Not all gift card currencies can be redeemed in all regions.'

At the bottom, there is a section titled 'Steam Gift Cards and Wallet Codes are an easy way to put money into your own Steam Wallet or give the perfect gift of games to your friend or family member.' followed by a paragraph explaining that these codes work like gift certificates and can be redeemed on Steam for games, software, and other items. A small image of various Steam gift cards is shown at the bottom right.
