

Launching The Desktop Paragons

The MEG Trident X takes charge by being the most compact gaming desktop. Packed in a 10 liters volume case, it has components that are typically found in full tower cases, including the latest 10th Gen Intel® Core™ processors and NVIDIA® GeForce® RTX graphics cards. Designed for accessibility, the MEG Trident X's tempered glass window showcases the stunning RGB lighting and provides easy access to the interior. In essence, the MEG Trident X can only be surpassed by itself.
