CROSSHAIR A16 HX E8WGK-011XTR

Specification

|                              |                                                                                                                                                                              |
|------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CPU                          | AMD Ryzen™ 9 8940HX processor<br>16 cores, 32 threads, 80MB total cache, up to 5.3 GHz Max Boost                                                                             |
| Operating Systems            | Free Dos                                                                                                                                                                     |
| Display                      | 16" QHD+(2560x1600), 240Hz Refresh Rate, IPS-Level, 100% DCI-P3(Typical)                                                                                                     |
| Chipset                      | Integrated SoC                                                                                                                                                               |
| Discrete Graphics            | NVIDIA® GeForce RTX™ 5070 Laptop GPU powers advanced AI with 798 AI TOPS<br>2347MHzx Up to Boost Clock 115W Maximum Graphics Power with Dynamic Boost. *May vary by scenario |
| Video Memory                 | 8GB GDDR7                                                                                                                                                                    |
| CPU and GPU Combined Power   | Max. 190W CPU-GPU Power with MSI OverBoost Technology.<br>*Full Power CPU & GPU                                                                                              |
| Memory                       | 16GB*1 DDR5<br>*The actual frequency will vary by memory combination and CPU capability.                                                                                     |
| Memory Slot and Max Capacity | DDR5-5200, 2 Slots, Max 96GB                                                                                                                                                 |
| Storage                      | 1TB*1 NVMe SSD PCIe Gen4                                                                                                                                                     |
| Storage Slot                 | 1x M.2 SSD slot (NVMe PCIe Gen4), 1x M.2 SSD slot (NVMe PCIe Gen5) Compatible                                                                                                |
| Keyboard                     | 4-Zone RGB Gaming Keyboard with Copilot Key                                                                                                                                  |
| WebCam                       | HD type (30fps@720p) with 3D Noise Reduction (3DNR)                                                                                                                          |
| Audio                        | 2x 2W Audio Speaker<br>Hi-Res Audio Ready, Nahimic 3 Audio Enhancer<br>Array Microphone                                                                                      |
| Audio Port                   | 1x Mic-in/Headphone-out Combo Jack                                                                                                                                           |
| USB Ports                    | 3x Type-A USB3.2 Gen1<br>2x Type-C (USB3.2 Gen2 / DisplayPort™ / Power Delivery 3.0)                                                                                         |
| Video Ports                  | 1x HDMI™ 2.1 (8K @ 60Hz / 4K @ 120Hz)                                                                                                                                        |
| LAN                          | Gigabit Ethernet                                                                                                                                                             |
| Wi-Fi/ Bluetooth             | AMD RZ616 Wi-Fi 6E, Bluetooth v5.4                                                                                                                                           |
| Security                     | Firmware Trusted Platform Module(fTPM) 2.0, Kensington Lock, Webcam Shutter                                                                                                  |
| Adapter                      | 240W                                                                                                                                                                         |
| Battery                      | 4-Cell<br>80 Whrs                                                                                                                                                            |
| Dimension (WDXH)             | 363 x 269.7 x 21.95 - 25.55 mm                                                                                                                                               |
| Weight (W/ Battery)          | 2.3 kg                                                                                                                                                                       |
| Chassis Color                | Black                                                                                                                                                                        |
