FAQ

Q: Does MSI provide loan/seed units for evaluation?

A: Yes - subject to availability and at the discretion of MSI.

Q: Are there incentive programs offered to the seller?

A: Yes – MSI offers prizes through sales contests and SPIFFs. Please check your internal SharePoint or contact your MSI rep.

Q: Does MSI sell direct?

A: NO – MSI does not sell direct. Everything goes through distribution. We value our channel partners and will never overstep the seller that brings opportunities to MSI's way.

Q: From what distribution channel can we source MSI products?

A: ASI, MaLabs, D&H, Ingram Micro, and TD Synnex.

Q: Does MSI have a deal registration program?

A: Yes – you can submit deal reg through our partner portal: www.msiedge.com.

Q: Can MSI support customized configurations or CTO builds?

A: Yes - please reach out to bdm@msi.com for details.

Q: Can MSI modify the hardware configuration for my customer?

A: Upon request, we can upgrade the system memory, storage, and operating system on most SKUs. Assembly fees & costs for added parts may occur.

Q: What kind of warranty does MSI offer?

A: MSI offers onsite service, standard depot warranty, and advanced replacement on select models.

Q: My customer needs technical support or RMA for MSI products. What should I do?

A: Submit a service request or chat 24/7 with our Pro Service team through MSIProservice.com.
